

# autonoME<sup>®</sup>

## Bed Mount

### Taking Independence to the Next Level

- ▶ Maintains Relative Position as Bed Moves
- ▶ Adjusts to Any Position Relative to Patient
- ▶ Does Not Require Eye Gaze Recalibration After Bed Movement
- ▶ No Floor Footprint
- ▶ No Exposed Cables
- ▶ Lightweight
- ▶ Mounts to Most Hospital Beds
- ▶ Integrated Cell Phone Mount
- ▶ Adjustment Levers for Easy Position Changes

*"We've removed the obstacles presented by other types of mounting systems to give caregivers peace of mind and users more control."*

*Brice Green, Vice President of Business Development*
